Pharmacy Claims for Schedule II Drugs to Require Quantity Authorized by Prescriber

Effective September 21, 2020, claims for Schedule II drugs as defined in 21 CFR 1308.12 and per CMS-0055-F will require NCPDP (National Council for Prescription Drug Program) Field 460-ET submitted on the claim. This edit is intended to communicate the maximum quantity authorized by the prescriber to be dispensed. The accumulated quantity dispensed cannot exceed the value contained in the quantity prescribed field for Schedule II prescriptions as refills are not allowed.
